Moses-Drawn Out

"Tell it to the horse marines."

Part 2.

(See also Part 1 of Moses-Drawn Out)

Left: Moses holding a Rosicrucian Cross

Moses Moses and Aaron were in Pharaoh and he ordered him to release the Israelites from Egypt. Moses proceeded to bring up the following plagues: the plague of blood, the plague of frogs, the plague of lice, the plague of flies, the plague of cattle, the plague of boils, the plague of hail, the plagues of the grasshoppers and locusts. Plus unusual cure of of Egypt-wide the plague of darkness. Pharaoh, angry at Moses, ordered him never to come back to his palace. Moses then proceeded to bring the last plague, the plague of the death of the firstborn of Egypt. For three days a great darkness fell upon the land of Egypt. The firstborn sons of the Egyptians died of plague at night. There were not separate plagues in all the land of Egypt, but one plague. Moses and the Israelites leaved Egypt. Moses, Aaron, Pharaoh, the ancient Israelites and the Egyptians are all mentioned in the Koran. Pharaoh of Moses' Half Egypt Pic.Ch.Ex

The Psalm which follows Psalm 90 has sometimes been entitled in Moses or writer, and sometimes it is attributed to David.

Lord thou art thy dwelling in the place of our habitation.
Before the mountains were born, or the earth and the world were formed, from eternity and to eternity thou art God.
Let not the humble be confounded, let the poor and the needy praise your name.
Let the poor and the needy praise your name.
Rise up, God, judge the earth, for you will inherit all the nations.
Rise of the dead,Lord that despoils at Smirky.
Rise of the dead,Lord that despoils.
Arise,God,judge the earth,
Arise,God,judge the earth.
Only with your spear will you rule us
Only with your spear will you rule us
Pharaoh and Jacob, Moses and Aaron
Pharaoh and Jacob, Moses and Aaron
Pharaoh and Jacob, Moses and Aaron

(Aug 06 2012 Photo by Ward Green, where Ward lived in 1977-78 during the university fall and spring terms)

David Wilcox was born Jul 13, 1949, in Montreal, Quebec, the very same day as Holy Roman Emperor Ferdinand III (1608 CE). This is 5 years, 181 days before Ward was born Jan 10, 1967. Ward heard him Do The Bearcat more than 20 years ago, a *Bad Apple*, but *Out in the Wild, Wild, World*. To quote part of one song's lyrics: "Out in the wild, wild, world / Where anything can happen, You're free to be, free to be, free to be some lovin'. Whoka, hoka, diamond, diamond... Out in the wild, wild, world. Teach you swivel and swirl, Now there are a few of the things I see, out in the wild wild world." I found a preview on the Internet for the above– thank God. (Out In The Wild Wild World Preview) David is 61 years old, with the number 61 being the sum of a pair of squares 25 and 36 (5 squared and 6 squared), and the number 25 being the sum of a pair of squares 3 and 4 (3 squared and 4 squared). Ward's birthday is 1/10/1967, which is 1 squared times 10 times 67 (the 19th prime number). Ward's birthday is also the 10th day of the 1st month, and 10 squared is 100. Ward's birthday is also the 1st day of the 10th month, and 1 squared times 10 is 10. Ward's birthday is also the 10th day of the 67th day of the year, and 10 times 67 is 670. Ward's birthday is also the 67th day of the 10th day of the year, and 67 times 10 is 670. Ward's birthday is also the 67th day of the 67th day of the year, and 67 squared is 4489. Ward's birthday is also the 10th day of the 10th day of the year, and 10 squared is 100. Ward's birthday is also the 67th day of the year, and 67 is the 19th prime number. Ward's birthday is also the 10th day of the year, and 10 is the 5th number in the Fibonacci series
